

SEASONAL CALENDAR OF MAINTENANCE

As our calendar demonstrates, the grounds/facility team input copious amounts of voluntary time and energy into making the pitches and facilities the best that they can be, and it's important that this is maintained through the season. Not only does this maintenance ensure that quality is reached at the start of the season, but it also helps with making the workload at the end of the season much less.

SEASONAL MAINTENANCE – ON THE TURF

	In season			End of season		Preparation for the new season		In season				
	January	February	March	April	May	June	July	August	September	October	November	December
