

SUGGESTED ORGANISATIONAL STRUCTURES

Every club will have mandatory roles within their structure as part of the affiliation requirements. What begins to differ from club to club is the way in which the club is structured. This differs depending on:

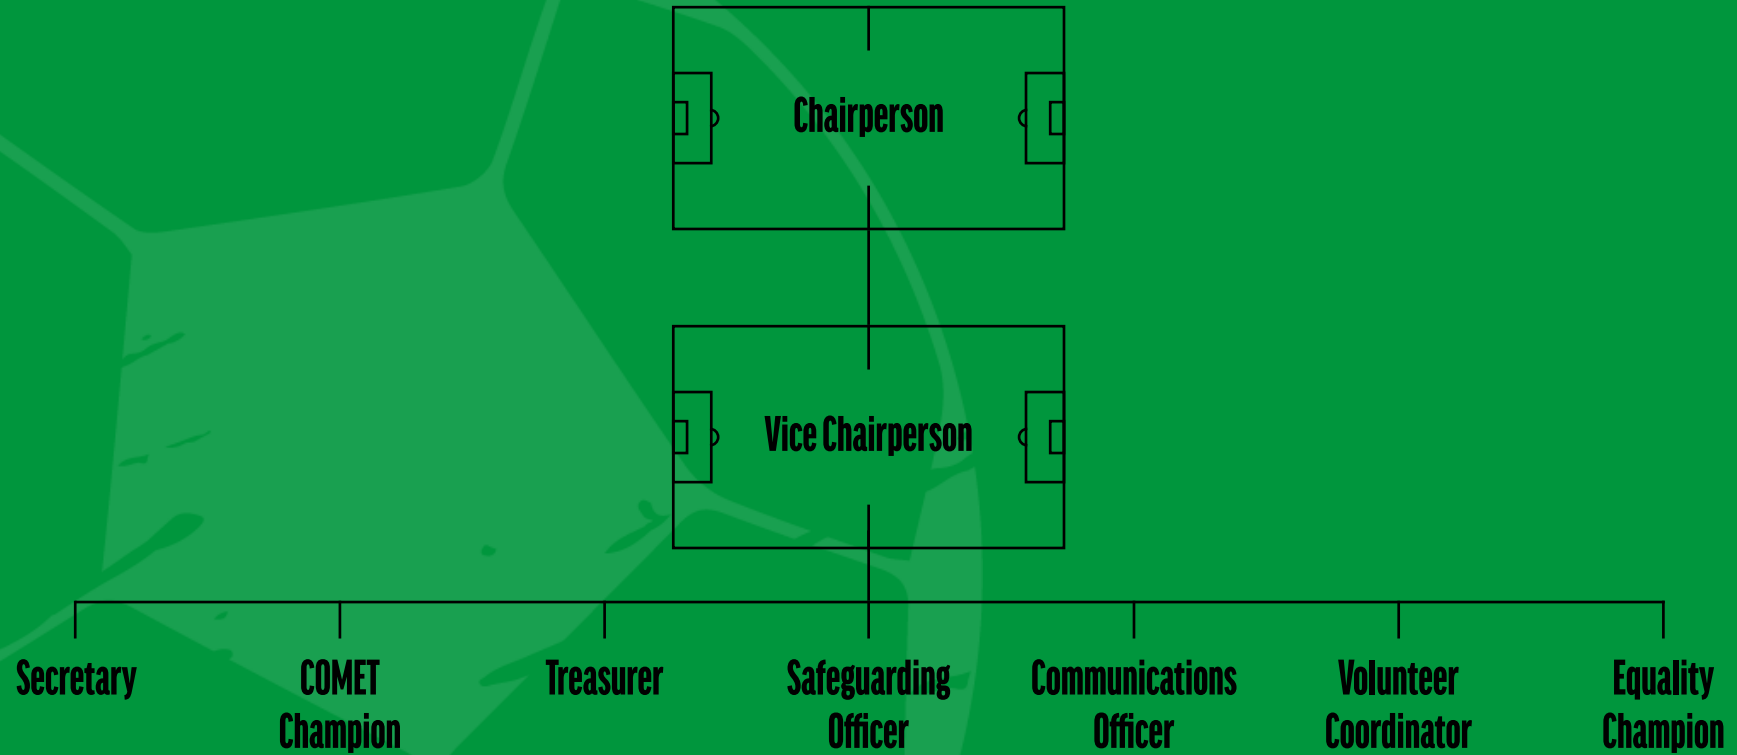

- Size of the club
- Additional licensing requirements
- Skill sets of volunteers, committee members / board members
- The time those individuals can offer
- The future direction of the club

There is no one size fits all for the structure of a club, and to ensure you encourage growth and retention we recommend that you review your structure annually and make changes where you feel they will add benefit.

Within this document are a series of 'suggested' club structures to help you consider what might be needed at your club.
